

SITUATION

The floor plan of the first floor shows a complex arrangement of rooms. At the top, there is a large rectangular room, possibly a hall or a large office. Below this, the plan is divided into several smaller rooms, some of which are furnished with desks and chairs, indicating office spaces. A central staircase is visible, providing access to other levels. The bottom portion of the plan features a large, open area that appears to be a common space or a large meeting area, with a curved desk or reception area. The overall layout suggests a functional office environment with various workspaces and a central circulation area.
